Minutes

Minutes of the AGM held on Monday, 19th. October 2015 to approved and signed.

Chairman's Report

Firstly a big Thank You to the people without whom the League would not enjoy the success it does Peter Osborne, Carol Fossard, Mike Stiff, John Skevington for organising the TTRO's etc and his advice to race organisers also thanks to Dave Lodwick for organising the Presentation Evening, which this year was a sell out with a waiting list created. On a personal note I must thank Dave for providing me with advice and guidance in my role as Chair during the last 12 months and thanks to the Clubs and you the delegates for your input and support for this great Road Running League still the envy of many counties

However I must inform you that Mike has decided to step down from his role as Results and Registration Secretary. But there is now an opportunity someone to step forward and take us through what may be an interesting and testing time for the League and organising clubs, as we are faced with potential changes to our race day routines, due to venue limitations course capacity and demand for race places, which are all up for discussion at our delegates meeting that follows this AGM

Also all of the clubs who have arranged League races in 2016 deserve a lot of praise as we have had record levels of participation; an early indicator of this were the 726 (up from 667 in 2015) runners who lined up at Barrow in January. This of course brings its own problems with parking and accommodating the runners and pressure on the toilet facilities at the traditional venues we have used for many years and I know from experience this poses headaches for organising teams. But to my knowledge, all the races were Incident Free again

I am sure there were a few minor dramas which all host clubs dealt with very well without any of us even being aware which is a testimony to all of those volunteers within the clubs who promote well organised professional events for the love of the sport 2017 will present a different set of challenges but with the hard work of the LRRL team and you the club delegates and your committees and volunteers I am sure we will pull together and deal with them and take the League to another level

This is my last AGM as Chair and I would like to offer my thanks to Peter, Carol, Mike, John and Dave who in many ways make this position easy, but not without its challenges, as the changes to the way we do things have come thick and fast. Also a big thanks to you the delegates for not making life too difficult

We have very able and enthusiastic volunteers to step into the role of Chair and Vice Chair whom I hope you will endorse and give your support to.

Lastly I look forward to seeing most of you at the race venues on the start line or on the way round the races during 2017
